

Re-heating & Re-Ordering

Always check entree to ensure all items can be re-heated
Know that container is microwavable safe BUT Lid is not

Best to re-heat entree from thawed-thawing in fridge 24 hours prior
is recommended.

OVEN: pre-heat oven to 350 degree F and place on cooking sheet in
middle rack with lid vented for 30 min, check/stir and add additional
time being aware not to over cook

MICROWAVE: place in microwave with lid off and a safe cover,
microwave on high 2 min. checking/stirring and add additional time
if needed being aware to not over cook
